Dear Hiring Manager,

I would like to apply for the Junior Data Scientist position at World Bank Group. Here are my highlights:

- Skilled in data analytics tools, R, Python, SQL, etc.
- Predictive model with machine learning, regression and classification models, linear regression with single or multiple variables, logistic regression, KNN, tree-based models, unsupervised learning, dimension reduction, k-means clustering, etc.
- In-depth knowledge in statistics, hypothesis testing, ANOVA, new experimental design, t-test, etc.
- Advanced interactive data visualization, ggplot2, matplotlib, seaborn, plotly, leaflet, etc.
- Development of data product with R markdown and shiny
- Experience with version control solutions, git and github
- Validating models with training/testing split and cross-validation
- Multi-disciplinary working environment and giving instructions to junior researchers
- Working knowledge in finance

For the above reasons, I would be grateful if you could select me for the position. I can be reached by phone: 612-240-5073 or by email: fengyan0121@gmail.com. Thank you for your time and consideration.

Sincerely,
Yan Feng
